Welcome

- Welcome to my presentation on Quizizz! I'm excited to introduce you to this powerful learning platform that offers multiple tools to make your classroom run smoothly and engagingly. **Quizizz offers many Artificial Intelligence features.**
- **Notice that I have two video links YouTube or my web site. Reason: The Klein ISD YouTube filter may block you on one of them.**
- **I included short videos at the bottom to review each slide covered in this presentation.**
- **[Video on Overview, Account signin URL](#)** (www.cusack2.com)
- **[Video \(YouTube Version\)](#)**

Goals:

- Gain a practical understanding of how Quizizz works by exploring its various features.
- Learn how using Quizizz can enhance your effectiveness as a teacher.
- Understand why Quizizz stands out as the most effective AI tool for education compared to other current educational products.

Overview

- Quizizz is designed to enhance classroom interaction and engagement. Today, we'll focus on its features and benefits without requiring you to sign in due to our limited training period of less than an hour. I have found this to be one of best product for increase productivity. (note: I an NOT be being paid by the company who owns Quizizz)

Account Setup

- After this session, I recommend setting up an account at the **start of the school year**. Quizizz offers all its features free for the first 30 days. After that, you get a more restrictive version.
- You can request Klein ISD to buy a school license or pay for your own subscription.
- I paid for my own copy with all the features, and it has significantly increased my efficiency in daily class preparation.

Quizizz URL Link to signon

- You can access Quizizz at <https://quizizz.com/> Since I already have an account, I'm signed in and can show you the main Quizizz page.
